Transiting Chiron in strong sextile (forming, 1.3 degrees) with natal Moon**This transit is strongest (within 2 degrees) from Apr 29, 68 to Sep 13, 68, exact on Jul 5, 68 SR; and Mar 2, 69 to May 13, 69, exact on Apr 5, 69; and Sep 6, 69 to Mar 14, 70, exact on Oct 21, 69 R, Feb 3, 70.***The planetary energies flow together, open into new possibilities, new connections.*

You are likely to be experiencing a process of emotional pain, and a transformation of the nurturing or feminine in you, leading to significant and far-reaching changes. Issues may arise with important female figures in your life, perhaps your mother or a significant other, as well as with the feminine side of your own nature. Something deep inside you, at the roots of your being, is going through a process of renewal at this time. There may be old issues that have been locked away in your unconscious for a long time that you are forced to acknowledge during this period, perhaps there are changes in the way you have habitually and unconsciously lived your emotional life up to now, a way of being that is no longer compatible with who you have become at a deep level. It can also be a time of great joy as you break with the past and come into the glow of a new emotional comprehension of yourself. There may be painful feelings from the past that reassert themselves at this time, and it may also be that relationship issues come to the surface, or perhaps other security needs such as a safe and cozy home life that may be challenged or otherwise changing during this period. The ultimate purpose for these issues arising is to heal them and to abate their influence for negative emotion in your life. Something deep inside of you is adjusting to a new understanding, and you can move into it gracefully if you can let go of the past.

Issues of outer-directed activity are challenging for you at this time. There may be many painful realizations around the areas of how you assert yourself with other people and what exactly is your place in the world of activity and outward drive and ambition. At this time, you may feel that unconscious drives are more powerful than your overt conscious motivations. You may be tempted to "act out" in a wild and independent way that is heedless of consequences. You also have a powerful urge to create at this time, and you need to get in touch with how to use this energy and what it is that you want to accomplish. You may experience frustration in trying to go your own route, independent of what consensus reality surrounding you may dictate. Old wounds in the area of self-assertion and how you make your way in the world may come up at this time, causing you much suffering as you try to find your true path. It is only by going deep within yourself and trusting the intelligence of your own inner awareness that you can begin to heal these issues inside you, come through this period of chaos and enter a new birth of understanding and trust in your own process.

Transiting Uranus in strong conjunction (fading, 0.8 degrees) with natal Neptune

This transit electrifies your sense of spirituality, and your ideals. Feelings of confusion may suddenly come up for you during this time, as you experience a discontinuity between illusion and so-called reality. You will undoubtedly have new spiritual insights in the coming weeks, as your will to become more uniquely yourself, more powerful during this period, connects you to your higher self. You are likely to undergo a transformation of your ideals during this transit. You may have the feeling that humanitarian goals are more possible to be achieved, or you may experience glimpses of cosmic unity with all creation. You may also have powerful psychic experiences at this time, or become interested in the occult arts. It is a very good time to explore these spiritual issues in your life.

Transiting Neptune in strong sextile (fading, 0.9 degrees) with natal Neptune

This transit is strongest (within 2 degrees) from Jan 21, 67 to Mar 31, 67, no exact; and Nov 15, 67 to Jul 3, 68, exact on Jan 15, 68, Apr 11, 68 R; and Sep 6, 68 to Jan 9, 69, exact on Nov 12, 68; and Apr 21, 69 to Nov 9, 69, exact on Jul 20, 69 R, Aug 25, 69.

The planetary energies flow together, open into new possibilities, new connections.

This transit profoundly affects your sense of spirituality, and your ideals. Feelings of confusion may also come up for you during this transit, while the sextile or trine of transiting Neptune to its natal position is in effect. At this time, you are in the process of far-reaching re-evaluations. It can be a confusing time, as illusions and self-concepts, which may be the very motivating factors by which you live, are called into question and a new basis for re-imagining the fundamental concepts of your life may be emerging. Your imagination is very active now, for Neptune is the planet of image and illusion. You must be sure to weigh carefully any unsettling concepts that come up for you at this time, for although they speak a new truth to you, they may also exaggerate either the up side or the down side during this period. It is better to wait out the growing maturity of these new concepts, rather than acting rashly in being quick to make changes in your life at this time.

Transiting Chiron in strong trine (forming, 1.9 degrees) with natal Pluto

This transit is strongest (within 2 degrees) from May 13, 68 to Aug 29, 68, no exact; and Mar 13, 69 to May 30, 69, exact on Apr 16, 69; and Aug 20, 69 to Mar 25, 70, exact on Oct 7, 69 R, Feb 17, 70; and Nov 21, 70 to Jan 13, 71, no exact.

The planetary energies flow smoothly; the connection is easy and beneficial.

You may be in for a rough time, as structures of your life that had previously supported you no longer serve their earlier purpose, and transform themselves in your life. There is always a certain amount of pain associated with changes of this magnitude, although great joy is possible as well if you "go with the flow" at this time, as difficult as that may be, and just let it happen. With this transit, you may experience intimations of other worlds beyond this present one. Sexual experience may provide the gateway into the hidden world of the dark places in the human psyche, yours or another person's. Old wounds that can be inhibiting and crippling until explored and come to terms with may begin to open themselves up to you. This can only be for good effect, as getting in touch with your shadow side will let these forces breathe and have their communion with the other parts of yourself, rather than remaining in the dark to fester. When you have integrated these dark ambassadors from the underworld of your own psyche, they can become powerful forces for healing as your outlook changes and you become better able to relate to yourself, and others around you as well.

Transiting Chiron in strong trine (fading, 1.7 degrees) with natal Chiron

This transit is strongest (within 2 degrees) from May 8, 67 to Aug 28, 67, no exact; and Mar 7, 68 to May 23, 68, exact on Apr 11, 68; and Aug 19, 68 to Mar 19, 69, exact on Oct 5, 68 R, Feb 11, 69; and Nov 23, 69 to Jan 3, 70, no exact.

The planetary energies flow smoothly; the connection is easy and beneficial.

You are likely to be going through a period of transition. You are in the process of getting in touch with yourself, and this can be extremely rewarding as well as a necessary part of your evolution. This could be a time when strange events force upon you an intimation of other worlds, a broader perspective than that of ordinary reality, perhaps a taste of the transpersonal world of shamanism and magic. It also may be a time for re-examination of some painful issues that could be part of your make-up and possibly have been holding you back until now. Usually some issues from early childhood that were too painful to deal with in their era, and that have become repressed and remain lodged in your unconscious, come up during this period of time, perhaps brought on by recent events. Long repressed feelings may be difficult and painful to deal with, but there is a rich reward for getting in touch with these walled-off areas in order to become more whole. You can achieve a much greater degree of self-acceptance and ease once you have made the dark journey of discovery to find what lies within that space.

You can also exhibit obsessive behavior regarding health issues, or organizational detail. The true purpose of such behavior is to purify the activity involved, and you should beware of it becoming an end in itself.
